

Reflection & Learning Points

To make the most out of the video series, here are a few questions to spark a bit of thinking. We would like to encourage to see these video vignettes with others.

- What are the initial conditions for Glenda & Keith to learn more about complexity?
- How did they both started applying complexity science into their work?
- INTERSECTION CORNER: Here we suggest you try a bit of LS + HSD to see what happens.
 - a) If you are watching this video with others use the [LS 1, 2, 4, ALL](#) and discuss this with the rest of your group.
 - b) After you have completed that we want to introduce you to [HSD's Similar & Different](#)
